MILES MORALES, the SPIDER-MAN, swings on top of the building and scans through the streets for patrol.

SPIDER-MAN

(To himself) Hmm, not a lot of stuff to look at in Red Hook.

Tense, Spider-Man athletically ran across rooftop after rooftop before dropping on the ground as he found blood from before.

SPIDER-MAN

Blood? I knew something was wrong. But, where?

IN FRONT OF YOU! His SPIDER-SENSE tingled, Miles saw what happened to be the monster who killed the unlucky teen.

SPIDER-MAN

Oh my god.

KRUUUUUK! The monster roared as he stomped its way to Miles with intent to kill.

Miles prepares himself. WHAMP! WHAM! POW! the monster was fast to PLOW him left and right.

SPIDER-MAN

Agh, how are you this fast?

KRUUUK! The monster roared, striking Miles as he was down, before its was caught.

SPIDER-MAN

Okay, time out, now!

His hand crackled with the VENOM BLAST, ELECTROCUTING the beast. The monster snarls at Miles as the attack did nothing.

SPIDER-MAN

(Nervous) Oh, come on...

WHAM! The monster FISTED his face, enough to make Miles tumble back on the ground. Miles readies for another punch before...

AMULET

Spider-Man! I got your back!

A light blue FORCEFIELD surrounds him and Amulet from the monster strike him.

AMULET

(Focusing on shield) You okay?

The monster keeps on SLAMMING and SLAMMINF as rough as it can while the stranger is protecting Spider-Man.

SPIDER-MAN

Yeah, I'm doin' good! Thanks for the assist... um...

AMULET

I'm Amulet!

Miles widen his eyes as he heard the name before while the monster relentlessly attacks the energy field.

SPIDER-MAN

(Excited) Oh! Kama- er... Ms. Marvel told me about you! She was hyped to hear another Jersey hero on scene!

Amulet opens his wide in surprised as the monster still bashes on the shield.

AMULET

(Happy) Really?! She told you about me! That's freaking awesome-

However, he let his guard down and the monster's fist broke through the field and smashed towards Amulet's back.

SPIDER-MAN

Right, stop the cyclops first, talk later!

Spider-Man gripped onto Amulet's left hand before he could tumble on the floor as they sprint towards the monster.

AMULET

R-right, no doubt. Ow.

Miles' left WEB-SHOOTER shot out a web onto the cyclops' face to distract and ZIPS towards it.

SPIDER-MAN

Okay, gonna zap this thing and then yo-

AMULET

(Interrupts Miles) Won't work. It was freed from one of
Thousand Cursed things!

The cyclops rips the web off its face and tries BACKHANDING Miles away. Miles uses his other Web-Shooter to back away from it and to a building.

SPIDER-MAN

(Confused) Wait, the what things?

To the cyclops other side, Amulet ran up and leaped to attack it with his power.

AMULET

Right, short version: There's an artifact powering the beast!
I need to destroy it through my magic and shouldn't be too far-

Swiftly, the monster caught Amulet as it growled at him. Miles span back to peer back while he climb on a wall.

SPIDER-MAN

Amulet! I got you-

AMULET

(Interrupts Miles) Forget about me! Find the artifact!

Miles scanned his eyes everywhere to find the object. His Spider-Sense picking up a SMALL, WOODEN DOLL.

SPIDER-MAN

Bingo!

Spider-Man shoots out a web to grab the doll and swing it right at Amulet.

SPIDER-MAN

Coming in hot!

As the doll flies right at him, Amulet imbues his fist with magic and SHATTERS the doll.

AMULET

Thank!
